

## SOUND

### SUSTAINABLE PRACTICES

### Completed?

### COMMENTS

- 1 Use rechargeable batteries in headsets and comteks.
- 2 Use rechargeable batteries in microphone transmitters.  
  
Use a battery voltage tester to reduce disposing of batteries that
- 3 have not been fully drained. Use partial batteries for other non-critical uses before disposing.
- 4 Recycle used batteries following safe handling procedures. Store temporarily in one gallon plastic pails with a lid.  
  
Turn off power, HVAC, catwalk and house lights when not in use
- 5 and before leaving. Close elephant doors when the air conditioning is on.
- 6 Follow green practices; reduce, reuse, recycle and shut down (e.g., reduce paper, refill water bottles, shut down equipment).
- 7 Search for new green vendors at [GreenProductionGuide.com](http://GreenProductionGuide.com).
